GMP means quality guaranteed

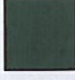

Swanson Health Products is absolutely committed to maintaining the highest quality products and the utmost integrity in business practices. Our headquarters and packaging facility in Fargo, ND is GMP Registered by NSF International, the world leader in standards development and certification for public health and safety. This independent verification is your guarantee that all Swanson brand products are handled according to the rules and regulations for Good Manufacturing Practices.

Objective reviews ensure compliance

NSF GMP Registration represents the highest quality manufacturing and commercial conduct. Under the NSF program, we are evaluated regularly by independent third-party inspectors trained to ensure compliance with federal requirements. This means that the results of GMP reviews are not subject to industry or company bias and are true representations of quality practices. The process is exhaustive, with every aspect of operations being duly investigated. When you see the NSF GMP Mark, you know the products you are purchasing are handled with care under strict conditions approved by third-party experts.

Our commitment to you

Swanson Health Products is dedicated to bringing you only the finest dietary supplements for your family's good health. Our participation in voluntary third-party GMP audits is just one more way to guarantee you the best products possible. We work with other GMP-compliant partners and exercise stringent controls to ensure that all aspects of established good manufacturing practices are upheld.

-  NSF® GMP AUDITS VERIFY COMPLIANCE WITH FEDERAL RULES AND REGULATIONS
-  TRAINED INDEPENDENT INSPECTORS REVIEW EVERY ASPECT OF OPERATIONS TO ENSURE COMPLETE COMPLIANCE
-  OUR BUSINESS PARTNERS MUST ALSO DEMONSTRATE GMP-COMPLIANCE
-  SIMPLY STATED, NSF® GMP MARK IS YOUR GUARANTEE OF QUALITY MANUFACTURING AND SOUND BUSINESS PRACTICES
